CAREER SUMMARY

Highly motivated Computer Science student with over 2 years of hands-on experience in web development, specializing in HTML, CSS, JavaScript, Python, PHP, and MySQL. Proven ability to deliver impactful solutions by leading independent projects and collaborating effectively in team environments.

SKILLS AND STRENGTHS

- **Technical:** Problem solving, Data structures and Algorithms, Full Stack Development,
- **Languages:** PHP, C, C++, Dart, JavaScript, Python.
- **Front-End:** HTML5, CSS3, JavaScript, React.js, Flutter.
- **Back-End:** PHP, MYSQL, Firebase.
- **Tools/Frameworks:** Bootstrap, Figma, Git/GitHub, Figma, Jupiter Notebook, Android Studio, PyCharm, Docker.
- **Soft Skills:** Leadership, Communication, Management, Research & Development.

EDUCATION

- **Bachelor of Technology** (Computer Science and Technology) 2021-2025
D. Y. Patil College Of Engineering & Technology Kolhapur - **CGPA-7.6/10**
- **Higher Secondary School**
Sadashivarao Mane Vidyalaya Akhuj - **81.40 %** 2021
- **S.S.C**
Sadashivarao Mane Vidyalaya Akhuj - **78.64 %** 2019

PROJECTS

1. **Customer Relationship Management System(DataQuantum):**
 - Designed and developed a CRM system that improved customer engagement by streamlining interactions and automating 70% of sales and marketing processes, increasing team efficiency.
 - Implemented real-time data syncing and user-friendly interfaces, enhancing customer satisfaction by 25%.
 - Technical Stack: Full Stack Development , PHP, MSQl , Software Development, Problem-solving,
2. **QuickCraft - Low-Code Website Builder:**
 - Built a low-code platform to enable users to create fully customized websites with a drag-and-drop interface, increasing accessibility and reducing development time.
 - Enhanced functionality with template management and real-time website preview, using React.js and GrapesJS to streamline design and deployment by 80%.
 - Technical Stack: React.js, GrapesJS, MongoDB, Tailwind CSS, Node.js, Express.js, JWT, Firebase, Webpack, RESTful APIs, OAuth

WORK EXPERIENCE

1. **MotionCut Web Developer:** (December 2024 – January 2024)
 - Collaborated with project managers and development teams to design and implement cost-saving strategies.
 - Led the deployment of new features using PHP, JavaScript, and Node.js, boosting site response time by 30%
2. **Beta Technologies, Full stack Developer** (June 2024 - July 2024)
 - Worked on the deployment of new features and functionality using PHP, JavaScript, Coordinated project timelines, ensuring timely completion and high-quality outcomes.
